25X1

1. In accordance with State Economic Planning Commission (P.K.P.G.) all economic units (Jednostki Gospodarcze) such as industrial concerns, agricultural centers and state institutions, are obliged to draw up reports on their consumption of combustible liquids (gasoline, oils and lubricants), and of supplies on hand.
2. These reports must be made monthly (and retrospectively from July 1953), and submitted to their respective central administrations, who on their part present a collated report to the ministries to which they are subordinate.
3. Each ministry has to send monthly a collective report to the Central Administration of the Oil Industry in Warsaw, which, in turn, presents a complete report to the Department for Supply and Balances of Materials (Departament Zaopatrzenia i Bilansow Materialowych) of the P.K.P.G.
4. These reports serve this P.K.P.G. department as a basis for drawing up the plan for supplying all economic units with combustible liquids in 1954.
5. The above does not concern units subordinate to the Ministry of National Defense and the Ministry of Public Security.
